Swim Screening Permission Form

In preparation for our Camp Cambridge swimming pool activities we will be screening all children that are 3 years old and above in order to determine whether they are **water safe**. Being **water safe** will mean that your child is comfortable going under water, can swim 5 or more feet unassisted and can pop up and take a breath and float by themselves. If you would like your child to participate in swimming pool activities this summer please fill out the permission slip below. This permission slip is giving permission for your child to be screened only. There will be a separate permission slip to complete in order for your child to participate in swimming pool camp activities following the screening.

If the swim instructor determines your child to be **water safe** after their screening they will be issued a bracelet to be worn for swimming pool activities when they are attending Camp Cambridge. The bracelet will be kept here at Cambridge to ensure that it is available and ready for scheduled swimming pool days.

If the swim instructor determines that your child is *not ready* for swim activities there will be opportunities to sign your child up for swim lessons and have them rescreened following a session. In addition there will also be an option for your child to be engaged in camp activities if they are not participating in swimming pool activities.

I do not want my child _____ to participate in swimming pool activities at Camp Cambridge at this time. Therefore I do not want my child to be screened at this time.

Or

I give permission for my child _____ to be screened at Cambridge School in the swimming pool. I understand that this screening will take place during Camp hours and that I may not be present.
